FIFTY-SEVENTH CONGRESS.

Washington, May 10.—Senate—Ar effort was made in the senate to fix a time for a vote on the pending Phil ippine bill, but it was unsuccessful The minority said many senators stil desired to speak on the measure and it would not be proper to determine at this time upon a vote. Some de bate occurred over the resolution to discharge the committee on privileges and elections from further consider ation of the proposed constitutional amendment providing for the election of senators by the people. Finally the resolution was withdrawn, assurance being that a report from the committee soon would be made.

House-The opposition in the house to the bill for the admission of Oklahoma, Arizona and New Mexico collapsed at the last minute Friday and the bill was passed without division as it came from the committee except for a few verbal amendments. The real test came on an amendment offered by Mr. Overstreet (Ind.) to join New Mexico and Arizona and admit them as the state of Montezuma. The latter part of the session was devoted to private pension bills, 87 of which were passed, 28 original, 54 for increases and five to complete military

Washington, May 13.—Senate—An important contribution to the discussion of the Philippines government bill was made in the senate Monday by Mr. Foraker (O.). He maintained that the United States could not leave the islands until order had been restored and until a stable government had been established. The senate concurred in the house amendment to the bill making an appropriation of \$200,-000 for the relief of the people of the French West Indies.

House-The house Monday passed

by an overwhelming vote a bill granting \$200,000 for the relief of the sufferers in the great calamity in the West Indies. The bill was a substi tute for the relief measure passed by the senate and followed the receipt of a message from the president setting forth the magnitude of the calamity and urging an appropriation of \$500, 000. A special meeting of the appropriation committee was held to facilitate action on the bill, and it was reported to the house within a short time after the receipt of the president's message. Mr. Heminway, the acting chairman of the appropriation committee, explained that the amount was limited to \$200,000 owing to the fact that large contributions were being made. The discussion was brief, Mr. Underwood (Ala.) being the only one to speak in opposition. The bill was passed by 196 to 9.

Washington, May 14.—Senate—An additional appropriation of \$300,000 was made by the senate Tuesday for the stricken people of the French West Indies in accordance with the recommendation of the president that \$300,000 be appropriated. The agricultural appropriation was passed. The bill providing for the construction of a union railway station in Washington was under discussion.

House-The naval appropriation

bill, which provides for two new battleships, two armored cruisers and two gunboats and carries a total of \$77,650,000, was taken up in the house. Representative Foss (Ill.), chairman of the naval committee, in opening the debate sounded a note of warning against the over-confident belief that our navy is invincible. He declared that our victories at Manila and Santiago were due to the fact that we were contending with an effete and decaying nation, and that our strength far outmatched Spain in those contests. Mr. Rixey (Va.) also spoke for the bill, most of his time being given to argument of government construction of warships. The conference report on the omnibus claims report bill was rejected on the grounds that claims not considered by either branch of congress has been inserted in the bill by the conferees and the measure was returned to conference. Washington, May 14.—Senate—During the greater part of the senate session Wednesday the fortifications appropriation bill was under consideration. Mr. Proctor (Vt.) offered an amendment providing that no part of the appropriation made should be used for procuring disappearing gun carriages. The amendment precipitated a debate which continued for two hours and had not been concluded when the measure was laid aside for the day. For some time the senate had under consideration the bill pro-

railway station in Washington. House-The naval appropriation bill occupied the attention of the house throughout the day, Mr. Dayton (W. Va.) speaking on the need of strengthening our naval battle line, while Messrs W. W. Kitchen (N. C.), Fitzgerald (N. Y.), Metcalf (Cal.) and Maynard (Va.) strongly advocated the building of warships in government navy yards. The debate took a wide range at times, Mr. Rhea (Va.) speaking in criticism of the administration Philippines policy and Mr. Elliott (S. C.) presented the advantages of the proposed Appalachian forest reserves.

Peculiar to Itself. This applies to St. Jacobs Oil used for

fifty years. It contains ingredients that are unknown to any one but the manufacturers and their trusted employees. Its pain killing properties are marvellous, as testified to by the thousands of once crippled human beings now made well and free from pain by its use. St. Jacobs Oil has a record of cures greater than all other medicines. Its sales are larger than those of any other proprietary medicine and ten times greater than all other embrocations, oils and liniments combined, simply because it has been proved to be the best

Weak and Sickly Children Who, perhaps, have inherited a weak digestion, continually subject to stomach troubles, loss of flesh and general weakness, can be made healthy and strong by the use of Vogeler's Curative Compound. Every doctor who is at all up to date will say that Vogeler's Curative Compound will make the blood pure and rich, bring colour to the cheeks, and put on flesh where health demands it. Children who have been weak and sickly since birth should be treated with small doses of Vogeler's Curative Compound, from two to five drops, twice daily, most satisfactory results will follow. It is the best of all medicines, because it is made from the formula of a great living physician.

Boston Is Unique,

A Chicagoan had been taken around Boston all day to observe her bulwarks, but had ton all day to observe her bulwarks, but had failed to observe any of those symptoms of paralysis which are acceptable to the Bostonian mind. "Now confess,' said the Bostonian host, after the burden and heat of the day, "isn't Boston a unique town?" "Unique," mused the westerner, "I believe that word is derived from two Latin words, unus, one, and equs, horse. I think Boston is a unique town."—Chicago Chronicle.
